NOMO TRADE LIMITED
TRADING CONTEST / LEADERBOARD PROMOTION

1.Eligibility

- The Contest is open to all clients who have made a deposit and traded,, provided they are not resident in a Restricted Jurisdiction (Clause 9).
- Full KYC verification is required before any prize is paid out. If a winner has not completed KYC, the prize is held pending until verification is complete.
- The Company may verify eligibility at any time, including after prize payout.

2.Acceptance Risk Policy and Bonus Policy

- **2.1 Leaderboard participation (opt-out)**
- All eligible clients (Clause 1) are automatically included on the public leaderboard. Prior notice is given to clients (email/in-app message/banner) before launch, explaining the promotion and how to opt out.
- A client who does not wish to appear on the leaderboard may request exclusion/removal at any time by contacting Support. No consent form or click-through action is required to appear — only to opt out.

- **2.2 Prize Claim**
- Before any cash prize is released, the winner must actively accept these Terms. In practice: the Company sends the winner a congratulatory email requiring a reply (or click-through) confirming acceptance of these Terms before the prize is credited.
- By accepting at the claim stage, the winner simultaneously and expressly accepts, and confirms they have read: *(a) the Company's Risk Disclosure Statement, and (b) the Company's Bonus Policy. These are incorporated by reference a winner cannot accept the prize without also accepting both.*

3.Leaderboard and Prices

- Ranking is based on aggregate Trading Volume during the Contest Period, displayed on a public leaderboard (Top 100); methodology is at the Company's discretion and standings are provisional until final verification.
- Prizes follow the tiered structure published on the landing page. Confirmed payout: prize funds are credited directly to the Participant's trading account (wallet balance), withdrawable immediately with no further trading requirement, or usable for continued trading, at the Participant's discretion.
- Crediting is subject to final eligibility and anti-abuse verification (Clause 4). The Company may withhold, delay, or reclaim a prize where a breach of these Terms is found, including after payout.

4.Anti-Abuse and Disqualification
Protects against artificial/manipulated Trading Volume generated solely to climb the leaderboard, without genuine market exposure or investment intent.

Example: the Participants open positions on an instrument purely to inflate volume, with little or no net market risk.

- The Company has absolute discretion to monitor, investigate, suspend, or disqualify any Participant suspected of generating artificial or non-genuine Trading Volume, and may reclaim a prize already paid.
- Indicative grounds: hedged/offsetting positions between linked accounts; abnormally short holding times; coordinated trading between Participants; multiple accounts held by the same beneficial owner.

5.Risk Disclaimer and No Inducement to Trade

- Participation is not investment advice or a guarantee of profit. Participants must not alter their trading strategy or assume greater risk solely to improve their ranking.
- The Company does not encourage, and disclaims any intention to induce, aggressive or high-risk trading to win a prize. This clause does not override the Risk Disclosure Statement accepted under Clause 2.

6.Public Leaderboard Data and Consent

- A Participant's ranking, display name, and Trading Volume may be shown publicly on the landing page and related marketing (email, push, social media), on an opt-out basis per Clause 2.1.
- A pseudonym/masked identifier may be used per the platform's data schema. A client may request removal from the leaderboard at any time via Support, without affecting a prize already earned.

7.Amendment,Suspensio and Cancellation

- The Company may amend, suspend, extend, or cancel the Contest at any time (regulatory, technical, or abuse-related reasons), and shall decide at its discretion how any interim prizes are treated.

8.Relationship to Main Policies

- These Terms are supplementary to the Company's main Terms & Conditions (v2.0), Risk Disclosure Statement, Bonus Policy, and AML/KYC Policy — all of which the Participant accepts jointly under Clause 2. In case of conflict, the main Terms & Conditions prevail unless stated otherwise herein.
